

TEN OF 45 FOUND PHYSICALLY FIT ARE READY TO GO TO ARMY

Board Examines 19 More This Morning And Passes 13 of Them, Making 58 Passed at Noon

FIRST 132 FINISHED TODAY

Between Now and Monday, When Second Examinations Begin, Board Will Act on Claims

NAMES OF 13 ACCEPTED TODAY

Decisions on Some of the Exemptions Asked Monday May be Passed on Tomorrow

The local selection board finished examining the first 132 men called late this afternoon and will enjoy a rest from the actual work of making the physical examinations until next Monday morning at nine o'clock when the work of examining the first lot of forty men named on the second call will start.

In the meantime the selection board will start acting on some affidavits for exemption filed Monday. Under the law the board is compelled to pass on these claims within three days and some of the decisions are expected to be made tomorrow.

Thirteen men of the first nineteen examined today were accepted by the board. That is they were found physically fit. Many of these filed claims for exemptions but the number was not so large as on the two previous days. The record for physical fitness was even better than on the other two days. Six unfit men out of nineteen was not considered a bad record by the board.

The first thirteen accepted today by the board as being physical fit were as follows: Amos R. Baxter, Rushville; Eli Kinney, Rushville; George Billings, Union township; Leonidas Keisling, New Salem; Sylvester G. Headlee, Rushville; Cleannie Perkins, Rushville; Charles E. McElfresh, Glenwood; Leroy Coon, Glenwood; Guy Marsh, Rushville; David L. Hamm, Knightstown; William Woods, Rushville and Rue Ewing, Carthage.

The six who were given discharges because of physical disabilities follow: George Wiltse, Rushville; Henry Dickey, Rushville; Walter Borders, Milroy; Gurnie Smith, Arlington; James L. Morrison, Rushville; Fred B. White, Charlottsville.

With the close of yesterday's session the board had secured a total of ten men who had passed the examination and filed no claims for exemption. Up to today noon fifty-eight men had been found to be physically fit—24 the first day, 21 the second day and 13 to today noon.

A. L. Gary was appointed by Governor Goodrich to represent the state's interests before the board. That is to take appeals to the district board in cases he believed the local board has not passed on correctly. Heretofore the only method of appeal provided was for the registrant. Now both the state and the registrant can take an appeal. It will be one of his duties to acquaint himself with the affidavits on file and in any case where the board might issue an exemption he has the right to take an appeal in behalf of the state.

As has been the case the two previous days members of Company B and the Sanitary Corps have been included in the list for examination. These men are not examined and for this reason the full list of forty-four names is never really examined in the course of the day. Yesterday's examinations totalled thirty-seven.

Several peculiar things have been brought to the attention of the ex-

21 Accepted Second Day of Examinations

The result of the second day's examination by the local selection board showed twenty-one men accepted, twelve discharged, one examination postponed and two held for further examination. Of the twenty-one men accepted ten filed no claims for exemption with the local board. Only thirty-six men were examined of the original forty-four called. This was because several of the men called were members of Company B, another was sick and unable to appear and one man will be examined away from here and the result certified to the local board. The result of Tuesday's examinations follow:

Men Accepted
(No claim filed)
Marshall Innis, Milroy.
James W. Lindale, Glenwood.
Dan Honley, Rushville.
Nathan Wills, Rushville.
Chester N. Stevens, Rushville.
Arthur Grigsby, Rushville.
Myron Addison, Mays.
Robert B. Carr, Rushville.
Price Stewart, Rushville.
Everett L. McHenry, New Salem.

Men Accepted
(Exemption claim filed)
Elmer H. Dement, New Salem.
Benjamin F. Humes, Rushville.
John Gorman, Carthage.
Paul W. DeWester, Rushville.
Corte Reddick, Mays.
George H. Burkman, Rushville.
John M. Adams, Rushville.
Raymond B. Morford, Milroy.
Faud E. Harcourt, Milroy.
Howard Beabout, Rushville.
Clyde Matney, Glenwood.

Men Discharged
Adolphus H. Honaker, Falmouth.
William J. Reeves, Knightstown.
Walter Esters, Carthage.
William Clyde Richey, Milroy.
William H. Meyer, Rushville.
James E. Johnson, Carthage.
Roy Barnes, Rushville.
Thomas Jackson, Mays.
Carl McCauley, Milroy.
Cecil Rhoades, Carthage.
Paul H. Schultz, Carthage.
Doris Younger, Rushville.

Held for Further Examination
George R. Dawson, Glenwood.
Thomas H. Stout, Arlington.
Examination postponed until Sept 20
Walter H. Catt, Carthage.

SANITARY CORPS IS IN FEDERAL SERVICE

Mustered in This Afternoon by Lieutenant Collins of the Second Indiana Infantry

TO REMAIN HERE, MAJOR SAYS

The sanitary detachment, Fourth Regiment of the Indiana National Guard, stationed here, was mustered into the federal service this afternoon by Lieutenant Herman Collins of the Second Indiana Infantry at three o'clock. Lieutenant Collins is also mustering in Company B.

Major Carey said this afternoon that the sanitary detachment would train here for an indefinite period and would keep their headquarters at the court house. Rumors have been current for two days that the detachment might be called to the state fair grounds at any moment.

"So far as I am concerned," said Major Carey, "I would much prefer that the boys remain right here. I do not want them to be ordered away from Rushville until they are fully equipped with clothing, bedding and everything they need. They are happy here and well cared for,

TAKES EXEMPTION APPEAL

A. L. Gary Appointed by Governor to Act in This County

A. L. Gary, chairman of the County Council of Defense, has been appointed by Governor Goodrich to take appeals for the government in questionable cases in which exemption from service in the army has been granted by the county selection board. Information from individuals regarding alleged unjust or unwise exemptions is to be presented to the appeal representative.

OFFICER ARRIVES TO MUSTER IN CO. B

Lieut. Collins of Second Infantry Reaches Rushville to Place Men in Federal Service

MAY LEAVE HERE IN A WEEK

Camp Edward H. Wolfe Put in Condition For First Reception of Visitors At 3:30 Today

Camp Edward H. Wolfe, Aug. 8—Company B was ready to receive its first visitors this afternoon. Today was designated as one of the visiting days. Visitors were to be admitted to the camp after three-thirty o'clock this afternoon and the men were expecting many of their friends to take advantage of the opportunity.

There was considerable activity in camp this morning when it became known that Lieut. Collins of the Second Indiana Infantry, detailed to muster the company had arrived. The work of mustering the company into federal service is expected to be completed within two or three days. With the mustering out of the way the men and officers believe they will be sent to Hattiesburg shortly.

The men greeted with enthusiasm the announcement last evening that this company had been included as one of the ten units ready to be sent south to help prepare Camp Shelby for the Indiana and Kentucky troops. It is believed the company will be sent on ahead of the regiment.

WILL SPIVEY NEW DEPUTY

Appointed by Sheriff-Elect Jones Who Takes Office Jan. 1

Will Spivey has been appointed deputy sheriff by Ezekial M. Jones, who was elected sheriff last November and will take office the first day of next year. Mr. Spivey is well and favorably known and the appointment meets with the approval of republicans generally. The appointment was announced yesterday afternoon late by Sheriff-elect Jones.

WORK SHOULD NOT BE ON FOOD ALONE

Miss Barr Urges Home Economics to Teach Girls Something About Buying.

THE VALUE OF HOME MAKING

Dr. F. H. Green Speaks of Historical Characters as Portrayed by the American Poets.

It is a mistake to confine all home economics work in the schools to food, Miss Nancy Blair Barr said this morning at her closing lecture before the Rush county teachers institute. She declared that there was also a tendency to give a little sewing and stop at that, which is not so practical as giving the girls lessons in buying. Miss Barr declared that in buying. Miss Barr declared that in the teaching of food conservation this winter, teachers should emphasize the value of wheat substitutes.

Miss Barr's place on the program the remainder of the week will be taken by Dr. C. C. Ellis, the platform manager at the chautauqua. Dr. F. H. Green will continue to lecture twice each morning until the close of the week. He spoke this morning of historical characters as portrayed in American poetry.

As an illustration of the value of teaching girls something in home economics besides cooking, Miss Barr compared a girl who had had a high school education with a good home making course, with a wealthy

STUDENT AVIATOR IS KILLED AT FALMOUTH

Morris Shillinglaw, 23, of Cedar Rapids, Iowa, Jerked From Car Steps as Train Passes

ARM OR HEAD HITS A TRUCK

While attempting to hand a package of postal cards from the car steps while a special train of soldiers was passing through Falmouth this morning, Morris Shillinglaw, 23 years old, of Cedar Rapids, Iowa, an enlisted man in the United States army, struck a baggage truck on the station platform, and was jerked from the train, sustaining a broken neck and dying instantly.

The special train of six coaches was enroute to Columbus, Ohio, where the men will be given training in the aviation service. Shillinglaw was in the last coach and evidently leaned too far out from the car. Witnesses to the accident are not certain whether his arm or head struck the truck but he was pulled off the car steps and died instantly. He was thrown clear of the car wheels. He had written several postal cards and motioned to a man on the platform to get them.

Shillinglaw is survived by his widow. The train was stopped by the officers in charge who took the remains on to Columbus. As the accident occurred over in Fayette county the coroner there investigated.

Miss Buelah Thomas of near Greenfield visited here last evening and Miss Frances Neutzenhelzer accompanied her home for a visit.

PLAN TO ORGANIZE THE STATE MILITIA

Dr. F. M. Sparks, County Head of Movement, Receives Outline to be Followed in Recruiting

IS NOT CALLED HOME GUARD

Strength of Company is 50 Men and Three Officers Who Enlist For Duration of the War

Dr. F. M. Sparks, who was appointed by the County Council of Defense as organizer of state militia in the county, has received a letter from E. M. Wilson, chairman of military affairs committee of the State Council of Defense, confirming his appointment and outlining a plan of organization.

The regulations provide a company shall consist of 50 enlisted men and three officers; that enlistment shall be for duration of the war and for service in the state only; that a company may be mustered into the regular state militia at any time; that there is no limit to the number of units to be formed in a community; that the age limit shall be from 18 to 45.

The units have been called up to this time "Home Guard," but the state organization requests that hereafter they be known as the "State Militia." The substitution was made during the civil war the home guard organizations were for the most part places of refuge for slackers. Owing to this fact the term the home guard carries with it the thought of slackers evading their duty at the front, the state committee believes, and the state militia units which are now being organized is no place for them.

Mr. Wilson says the first object of the county organizer should be that of locating competent men in various communities to superintend the organizing of local units. The county organizer is urged not to be in haste, but to take time in order to appoint men, if possible, who have had military experience. Although advisable, this is not absolutely necessary because in most communities, the state committee points out, will be found men who have had experience in the uniform rank work of the various lodges who will be well qualified.

The real reason for organizing the state militia, the committee says, is the fact that the drafting of the present national guard into federal service will leave the state without troops subject to the order of the governor.

"Of course," says the chairman of the committee, "at the present time there does not seem the remotest possibility of an invasion of our state by our enemies, nevertheless there is a real need for a body of troops subject to call of the governor for duty in the state. The duties of such a body of troops will be similar to the work now being done by the national guard, such as guarding bridges and ammunition plants, the quelling of strikes or mutinies of various kinds, and the performing of other duties for which they may be needed as the war progresses."

The fact is emphasized that there will be no limit to the number of units which may be organized in the county. Of course, there must be a limit to the number of units which is eventually mustered into the regular military service as it may be some units organized may never become a part of the regular state militia. However, the state committee says, all will be given an opportunity to make good and as many as possible will be accepted. No examination will be given the men until the time comes to be mustered into the regular state militia. However, the committee suggests that the organizer be careful to enroll only such men as they feel reasonably certain

Dr. C. C. Ellis, platform manager, announced last night that beginning this afternoon the preludes would be changed to postludes for the remainder of the chautauqua. This means that the musical programs will follow the lectures.

Dr. C. C. Ellis last night urged that country people coming in to the chautauqua bring a contribution from their gardens for Company B.

Lectures by Bishop Hughes and Dr. E. A. Steiner Offer Two of Best Assembly Programs

PRELUDES TO BE POSTLUDES

Clifton Mallory Players and Miss Leona Thomas Please Large Crowds—Good Things Coming

Tonight

7:30 p. m. Lecture on the war—Dr. Edward A. Stein.

9:00 p. m. Postlude—The Boston Symphony Sextette.

Thursday, August 9th.

2:00 p. m. Lecture—Mrs. Grace Wilbur Trout, president Illinois Equal Suffrage association.

3:00 p. m. Concert—The Boston Symphony Sextette.

4 p. m. Lecture—Dr. Francis H. Green.

7:30 p. m. Moving pictures of Sir Douglas Mawson's \$300,000 expedition to the Antarctic region.

9 p. m. Postlude—The Boston Symphony Sextette.

Friday, August 10th

2 p. m. Lecture—Dr. Arthur W. Evans, nephew of David Lloyd-George, British Premier.

3 p. m. Concert—The Hrbury Bohemian Orchestra.

4 p. m. Lecture—Dr. Beavers.

7:30 p. m. Concert—The Hrbury Bohemian Orchestra.

The Rush county chautauqua this morning entered upon what promised to be one of its most successful days in point of attendance as well as pleased audiences. Bishop Edwin Holt Hughes, one of the biggest men on the chautauqua platform, lectured this afternoon and the Cordova Concert company gave a postlude. The Boston Symphony Sextette comes tonight for two postludes and a concert and Dr. Edward A. Steiner, gifted and popular lecturer, speaks tonight on the war.

Yesterday was a great day at the chautauqua. The Clifton Mallory Players was an attraction entirely different from anything ever at the local assembly and they pleased large crowds in the afternoon and evening. The play presented in the afternoon was from the pen of Mr. Mallory and last night they offered the old English comedy, "David Garrick."

Miss Leona Thomas, a Rush county girl, was given hearty acclam in both programs yesterday. She was assisted at the piano by Miss Jean McClanahan, who played the accompaniments and solos as well. Many commented favorably on Miss Thomas' execution of difficult numbers on the violin and expressed keen delight at the rapid strides she had made as a violinist.

Senator James E. Watson has consented to speak at the chautauqua on Sunday afternoon. He is spending the week here resting and accepted an invitation to deliver a lecture. Senator Watson introduced Bishop Hughes this afternoon.

The program committee has also received word that President Millis of Hanover college and Prof. E. B. Trueblood of Earlham college would be here some time during the week in the interest of the Boys Enrollment campaign and would probably speak Thursday or Friday.

Dr. C. C. Ellis, platform manager, announced last night that beginning this afternoon the preludes would be changed to postludes for the remainder of the chautauqua. This means that the musical programs will follow the lectures.

Dr. C. C. Ellis last night urged that country people coming in to the chautauqua bring a contribution from their gardens for Company B.

GRAIN MARKET HOLDS STEADY IN CHICAGO

September Wheat Off Three-Quarters of a cent and Corn up Fraction of Cent

NO LIVE STOCK QUOTATIONS

The grain market held steady in Chicago today, with variations of only fractions of a cent. Likewise, grain prices in Rushville were unchanged.

No live stock and grain quotations from Indianapolis could be given today on account of trouble with the wires between here and Indianapolis this afternoon.

September wheat was off three-quarters of a cent and September corn advanced five-eighths. December corn went up a half cent. September oats was up three-eighths; December, one-half; May five-eighths.

GIVES WARNING ON INSECT PROBLEM

State Entomologist Says Grasshoppers Eat Large Quantities of Vegetables and Grain.

GARDENS WILL BE ATTACKED

(By United Press.)

Indianapolis, Ind., Aug. 8.—Grasshoppers will be the next serious insect problem for the farmers and gardeners of Indiana to meet according to Frank Wallace, state entomologist, in a warning issued today. The warning said:

"Most of the grasshoppers are still quite small, but they grow and as fast as they grow eat larger quantities of vegetables and when the food in the pastures and fields becomes scarce they will attack the garden produce and the growers must be prepared to destroy them before they devour the crops."

Poison bran mash is the best control method and for the city gardener, the following proportions will usually be sufficient: Take two pounds of bran and two ounces of Paris green and thoroughly mix while dry. Then take one pint of molasses and one quart of water and mix. Grind up one lemon, rind and all, and add to the syrup. Then mix thoroughly with the bran and Paris green. They should leave the plants to eat this preparation.

"Chickens will be poisoned by eating the bran mash or the poisoned grasshoppers, therefore, they should be kept out of the gardens. They do not belong there, anyway."

LEARN SON IS SAFE

Charles W. Ferree, son of Mr. and Mrs. L. L. Ferree of North Main street, has written his parents that he barely escaped the mine explosion at Clay, Kentucky last Saturday. He was in mine No. 7 where the explosion occurred Friday evening, he writes, but left for Sturgis, Ky., before the accident. His parents were worried about him as they knew he had been at Clay.

Portland—The two trials of William Fishback, recently found not guilty of the murder of Roy Brown, Redkey grocer, will cost Jay county approximately \$1,400, exclusive of special attorney's fees, officials estimated today.

Although both trials were held at Hartford City, Jay county must stand the costs, as the case was venued there from Portland.

METHODS TO BE USED IN DRYING DIFFERENT PRODUCTS

By GEORGE MARTIN
(U. P. Staff Correspondent.)

Washington, August 7.—In this article we outline some of Uncle Sam's ideas on drying methods for various products.

In drying sweet corn, select very young, tender corn and prepare it right after gathering. Cook in boiling water two to five minutes, cut kernels from cob with sharp knife, not cutting bits of the cob. Spread thinly on trays and place to dry. Stir it occasionally till dry. Dry in oven 10 to 15 minutes and finish drying in the sun. A pound of dried corn to a dozen ears is a good yield. After dry, pack in cartons a few days for conditioning.

Select string or snap beans in ideal table condition. Wash, remove stem, tip and strings. Cut or break into pieces $\frac{1}{2}$ to 1 inch long. Or run them through the slicer. Very young, tender beans will dry whole. Cut your beans rather than snap them. Thread them into necklaces on coarse, strong thread and hang over stove or in the sun. Dry young beans two hours, older ones three hours. Wax beans are dried in the same manner. Condition them as you do corn.

For lima beans, take them from pods, remove surface moisture and dry from 3 to $3\frac{1}{2}$ hours. This same method answers for other beans. It also includes cow peas or other field peas.

Dry young, tender okra pods whole. Older pods should be cut into $\frac{1}{2}$ inch slices. These may be strung as with string beans and hung over the stove. If so dried, heat in oven before hanging up.

Peppers may be dried by splitting on one side, removing seed, drying in the air and finishing the drying in the drier at 140 F. A more satisfactory plan is to place peppers in biscuit pan in oven and heat until skin blisters, or steam until skin softens, then take out seed and dry at 110 to 140 F.

For beets and turnips, select young, tender, quickly grown ones. Wash, peel, slice about $\frac{1}{8}$ inch thick and dry. Slice carrots, lengthwise, avoiding those with large, woody cores. Parsnips, kohlrabi, celeriac and salsify are handled the same way.

Select mature onions, remove papery covering, cut off tops and roots, slice into $\frac{1}{8}$ inch pieces and dry quickly. Store in a light-proof container to avoid discoloration. Leeks are so handled also.

Select well developed cabbage, remove loose leaves, split cabbage, remove woody core, slice with kraut slicer and dry. All these products

should be conditioned.

For spinach, remove laves from roots, wash carefully, slice and spread on trays and dry. Treat parsley the same way.

For beet tops, Swiss chard and celery should be in condition edible as greens. Wash carefully, cut both leafstalks and blade into $\frac{1}{4}$ inch sections, spread and dry.

Choose young, succulent rhubarb. Don't use the leafblade. Prepare as for stewing, by skinning and cutting to $\frac{1}{4}$ to $\frac{1}{2}$ inch lengths.

Select sound, well matured Irish potatoes. Wash and boil or steam until nearly done. Peel and pass through meat grinder. Collect the shreds in layers on trays and dry until brittle. If toasted slightly in oven when dry the flavor is improved. Or you may boil, slice and dry. Handle sweet potatoes the same way. Or boil and slice.

Clean cauliflower, divide into small bunches, blanch six minutes and dry 2 to 3 hours. Don't worry if it turns dark in drying. Handle brussel sprout the same way, but add a pinch of soda to the blanching water.

For pumpkins and squash, select sound, grown specimens. Cut into strips, remove all seeds and softness around them. Cut strips into pieces and dry. Be sure to condition all these things.

Celery tops, parsley, mint, sage and herbs need not be blanched, but should be washed exceedingly well and dried in the sun or oven.

Early varieties and sweet apples are well adapted to drying. Use winter apples. These instructions apply also to pears and quinces; 8 teaspoonful of salt to 1 gallon water. Spread on trays and dry till tough and leathery.

Sort out imperfect raspberries, spread selected berries on trays and dry. Not so dry they rattle. Stop drying when berries don't stain the hand when pressed. This applies to blackberries, huckleberries and dewberries.

Peaches are dried better when peeled. Remove stones, cut fruit in half or smaller and spread on trays, pit sides up. Turn over later.

Plums and apricots are not peeled but are pitted and halved and dried as are peaches. Select medium ripe plums. Small, thin flesh varieties are not suitable.

For cherries, remove stems and if fruit is large, also pits. Spread on trays and dry. Small, black cherries can be dried whole. If they are seeded there will be a loss of juice.

SPY PLOT AT BUENOS AIRES

Letter Intended For Head of German Secret Service Miscalculates

By CHARLES P. STEWART
(U. P. Staff Correspondent.)

Buenos Aires, Aug. 8.—An extensive German spy plot, as a result of which ship sailings and other information has been revealed, was disclosed by the foreign office here today. The miscarriage of a letter intended for the head of the German secret service led to the discovery of the plot. Numerous suspects are under surveillance of the police today.

Amusements

The Princess offers Emily Stevens in the feature drama, "The Wager" for the first picture of tonight's program. It is a play of business life and the underworld in five acts. In addition "Pathé News" will be shown. Tomorrow Charles Ray and Dorothy Dalton will be seen in the drama, "Back of the Man." Saturday night Charles Chaplin will be seen in his latest comedy "The Immigrant."

The Gem will show the five act feature, "The Wildcat" for the program tonight. Jackie Saundar, known as the Tomboy of the screen, is featured. It is said to be a clean, wholesome comedy drama. Tomorrow the William Fox production, "Bitter Truth" will be shown. Virginia Pearson is featured.

THANKFUL FOR ITS RETURN

Springfield Man Writes About Property Lost Here Being Sent Back

About ten days ago while A. L. Converse of Springfield, Ill., was touring from Chicago to Cincinnati he lost an extra tire, rim and rear light. He returned to Springfield without the slightest idea where he had lost his property. In a few days he received the entire list. Aliden Johnson of Rural route No. 1, Rushville found them and after ascertaining whose property it was forwarded it to Mr. Converse, an attorney of Springfield. Today Chief of Police Yakey received a letter from Mr. Converse expressing his appreciation to Mr. Johnson.

A. T. Mahin says that it is useless for Rushville residents to call the water and light plant and tell them about street lights being off. He says the plant employees know about all lights which are out, but that they can't be repaired for the present because the plant has no bulbs and it is not certain when they will get any.

Indianapolis—A campaign for a greatly increased membership in the Boy's Working Reserve got underway in every section of the state today. The drive for new members will continue throughout the week. Boys between the ages of 16 and 21 years are being enrolled.

This week was set aside by proclamation of Gov. Goodrich as "enrollment week" for the boy's organization.

MAY TRY TO TRAMPLE LITTLE SWITZERLAND

Germany May Trod on Mountain Republic if She Will Not Supply Gold For Coal

SWITZERLAND RESISTS LOAN

(By United Press.) Washington, Aug. 8.—Germany may try to trample Switzerland under foot and send her armies around the southern end of the west front unless the mountain republic yields to Teutonic demands for a loan.

That is the dismal prospect international authorities saw today in German pressure for gold in return for coal supplied Switzerland. Should such a situation come it would mean great readjustment of the battle line and while perhaps not fatal it would be discouraging, they say.

The fact that Switzerland is resisting the loan came as a surprise here, since Switzerland, composed of German, French and Italian stock chiefly, has been regarded as pre-German. The suggestion is made here that the United States might do well to swing her forces into the southern end of the western front, flanking Switzerland, for such a move would tend to keep Switzerland in line.

BOY FALLS 16 FEET FROM SECOND STORY

John F. McKee, Jr., Miraculously Escapes Death at His Home in Noble Township.

ONLY SLIGHT INJURY TO BACK

John F. McKee, Jr., three-year-old son of Mr. and Mrs. J. F. McKee of Noble township, fell out of a two-story window at his home yesterday afternoon, miraculously escaping with only slight injury to his back. Since he fell fourteen feet, how he escaped death or serious injury no one can explain. Dr. Philips of Orange was called and after a hasty examination found that the child had not even been bruised.

Unless some internal trouble develops, he is expected to recover speedily. Mr. and Mrs. McKee and family were just ready to start on a motor trip to Mrs. McKee's parents in Zionsville, but the trip had to be postponed until it was found how badly the little boy was hurt.

Owing to the fact that the Government has taken all surplus stocks of Aluminum for manufacturing of aeroplanes has caused a steady rise in price in Aluminum cooking utensils. Our prices on these are less than factory prices.

FIRST CLASS RIGS

FUNERAL AND CAB SERVICE

Personal Points

—Mrs. Belle Cosand has returned from a business trip to Indianapolis.

—Miss Augusta Walker of Indianapolis is visiting friends here for a few days.

—Joe Miller has returned from a week's visit in Cleveland and other points in Ohio.

—Bert Mullin and Robert Vredenburg made a business trip to Homer today.

—Frank Davis and Fred Dodd of Connersville visited friends here last evening.

—Ed Sherman will leave for a few days business trip to Lansing, Mich. tomorrow.

—Mrs. Ethel Horrell left yesterday for a week's outing at Winona Lake.

—Miss Stella Borbin of Stockholm, O. is visiting relatives in this city for a week.

—Roy Beaver has returned from an extended motor trip to Covington and other points in Kentucky.

—Mrs. Sarah Price and grandson Stanley Horrell are visiting Mrs. Price's sister, Mrs. Green of Milroy.

—Mrs. Norm Norris has returned from Indianapolis, where she attended the millinery opening this week.

—Mrs. C. J. Tucker and Mrs. Roll Miller and daughter Louise motored to Newcastle today where they visited friends.

—Mrs. C. L. Sideereaves of Toledo, Ohio, is visiting her sister, Mrs. Fred Clevenger of West Fourth street.

—W. R. Coverston of Indianapolis, formerly of this city, visited in Miamilla, Gings and Rushville on business yesterday.

—Harry Fox of Covington, O., visited friends here today.

—O. G. Weller of Cincinnati made a business trip here today.

—Henry Miller of New Salem transacted business here today.

—Frank Metzear of Richmond attended to business here today.

—The Misses Betty Winslow and Jessie Jeffry of Glenwood visited friends in this city today.

—Miss Florence Madden of Alexandria is visiting Mr. and Mrs. A. H. Schrieke and family.

—Mrs. George Johnson, daughter Mary and son George, Jr., were the guests of Mrs. L. L. Feree yesterday afternoon.

—Mr. and Mrs. Herbert Gilson and Mr. and Mrs. Walter Crunk of Anderson motored to Newcastle this morning.

—John Cox of Indianapolis returned to his home today after spending several days in this city on business.

—Warren P. Elder has returned from a visit with relatives at Portland, Ind. Mrs. Elder and children remained for a longer visit.

—Mr. and Mrs. Alva Junkin of near Henderson left for Martinsville this morning, where they will remain for two weeks.

—Mr. and Mrs. Harrison Mills and daughter Hester of Kokomo are visiting Mr. and Mrs. Charles H. Brown.

—The Misses Clorene Amos and Hannah Morris left today for a two week's visit in Bay View and Detroit, Mich.

—Miss Shelby of Lebanon is visiting her grandmother, Mrs. Sarah Ball in North Jackson street and attending the chautauqua.

—Mrs. Ralph W. Kennedy of Chicago has been called here on account of the serious illness of her mother, Mrs. David S. Havens in Jersey City.

—Mr. and Mrs. Will Oliphant of Chicago visited Mr. Oliphant's mother and sister, Mrs. Mary McIlwain, and Mrs. Louis Neutzenhelzer and family, today.

—Allan C. Cisea and son and Mrs. A. M. Cisea and daughters, all of Grayson, Ky., visited friends here yesterday enroute to Charleston, Ill., for an extended visit.

—Mrs. Barton Caldwell and daughter Mary Lou returned to their home near Indianapolis today after visiting her parents, Mr. and Mrs. Will Young and other relatives.

—The Misses Emma and Ruth Casey and Wilma Blackburn have returned from a three weeks' visit with their sister and aunt, Mrs. O. D. McKenney and other relatives and friends at Falmouth, Ky.

—The Rev. Paul Stewart and son Robert of Greenwich, N. Y., formerly of Milroy, are visiting friends in Milroy for a week. The Rev. Mr. Stewart will preach at the U. P. church at Milroy Sunday.

—Mr. and Mrs. Walter Hubbard and sons Ward and Fred have returned from a motor trip to Richland Center, Wis., where they visited Mr. Hubbard's father. They stopped off at Plymouth, Ind., for a visit with Mr. and Mrs. Will Carroll and at Chicago for a visit with Mr. and Mrs. Francis Moor.

—Mr. and Mrs. Pete Hollowell, Mr. and Mrs. Fred Bell and family, Mr. and Mrs. George Bell and daughter Helen, Mr. and Mrs. Bert Cohee and Mr. and Mrs. Charles Bell and family of Connersville will leave in the morning for Lake James for a week's outing.

Elwood—Examination of registered men in Madison county, district No. 2, started today. It is believed the original call will have to be increased by 150 names because of an indicated high percentage of exemptions.

10 OF 45 FOUND PHYSICALLY FIT READY TO GO TO ARMY

Continued from Page 1.
amining physicians. Yesterday one of the best specimens of manhood yet examined by the board had to be turned down on account of bad teeth. It wasn't so much the fact that he had bad teeth but a lack of teeth. This man did not have a single tooth in his lower jaw on one side and as the instructions are very rigid regarding the teeth there was nothing to do but turn him down. The man wanted to go to war at that. Many other cases of bad teeth have been found which have disqualified the men.

girl who was given \$500 to furnish her room. Miss Blair showed what excellent results the poor girl got by using good judgment and what hideous mistakes the rich girl made.

"With one or two lecture periods," he continued, "you could teach your girls how to furnish their rooms in good taste. I am sure you can do much more to make life more pleasant for the average country girl by teaching her a few lessons of this sort."

"Woman's highest function is home making. She is only a success as a home maker as she is the leader of the social life of her family. Women have to do a certain amount of cooking, dish washing and sweeping, but she should have enough time to plan the social activities of her family."

"As soon as we make people see that we should make life more pleasant for country boys and girls, just so soon will we keep them away from the cities which are so attractive to them. They leave home not because the work in the cities is easier, but because the life is more pleasant."

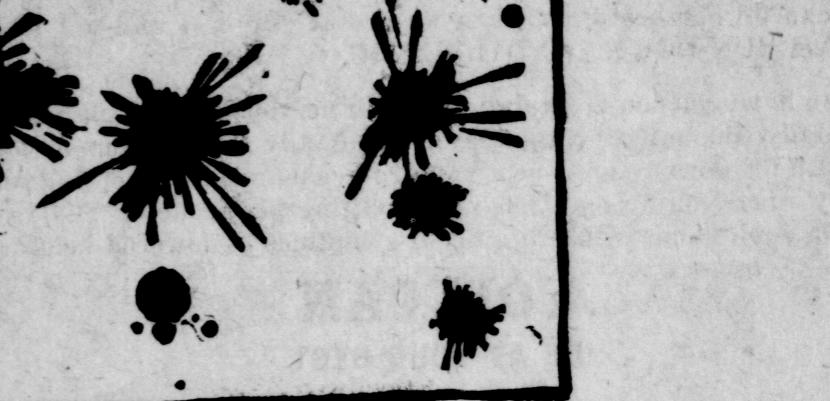

In the teaching of history teachers were urged by Dr. Green to make a careful survey of the historical characters of the poets. He said there were three great characters presented by the poets in a very favorable way—Columbus, Washington and Lincoln.

"Have you reminded your pupils," the lecturer asked, "that Tennyson has given us a fine analysis of the life of Columbus? Have you told them about Lowell's and Miller's poems about the same great character? There are very few portrayals of Washington in American poetry because of the stress of the time."

Dr. Green had a volume with twenty-three poems about Lincoln, the greatest of which was written by Edwin Markham, who Dr. Green considers the greatest American poet. He also referred to one by the Hoosier novelist and poet, Maurice Thompson. He illustrated by reading parts of some of the poems and others completely.

In closing, he showed the other side that has been used by the poets, the traitor in history. Dr. Green referred to Will Carlton's poem about Benedict Arnold.

Come In and Look Over The McCormick Corn Binder

YOUR corn is a valuable crop nowadays. You need all of it, can't afford to waste any, and must use the most economical way to harvest it.

Of course hand cutting is very slow hard work, at a time when help is hardest to get. If the corn is down and tangled, with many short stalks, it is still much slower and more wasteful.

The McCormick corn binder is a wonder for the corn grower. It saves the hardest kind of labor and much time, gathers all your corn—short, long, down, tangled—into neat, easily-handled bundles. It is easy on the horses, convenient for the driver.

The more careful a buyer you are, the surer you are of buying a McCormick. Come in and see it.

Corn Canning Precautions

Miss Roberta McNeill of the Purdue extension department says that corn is one of the vegetables which should be handled carefully if a satisfactory product is to be obtained. Canning corn will be a new experience for Rush county housewives, but there is little doubt but that many of them will try it this year because of the emphasis which has been placed on the necessity of canning all vegetables possible.

Miss McNeill says that corn must be in prime condition to start with between the milk and the dough stage is best. If under-ripe it is tasteless, has a poor appearance and a tendency to sour. If over-ripe it is dry and discolors when processing. The corn should be canned within half hour after gathering if possible. If pulled with husks and considerable of the shank on it will stay fresh somewhat longer.

Corn that has been gathered for some time is more likely to spoil. More salt than is necessary for flavoring is likely to produce a sour taste. A small amount of sugar—about one teaspoon to the quart, improves the flavor. Very hard water tends to make the corn yellow. It is also made yellow and the flavor impaired by over-cooking.

To avoid this, after blanching for five minutes and cold dipping, have cans hot, pack corn in cans as quickly as possible, cover with hot water and place in water bath at once, tighten cans and cool quickly avoiding a direct draft to prevent cans from breaking.

Corn swells when processing, therefore, at least half an inch of space should be left at the top of the can. The liquid in the can will be clearer and the corn will be a better texture and more easily sterilized if it is shaken into the cans rather than squeezed in.

A solid mass of corn prevents circulation in the can and makes it more difficult for the heat to penetrate. Good corn should be a good color, not yellow or brown, have the kernels distinct and the liquid clear. If corn spoils, it should not be reheated and used as the spoiling may be due to the growth of bacteria.

It is understood here that Miss Jessie Jeffery will teach in the Connersville schools during the next school year.

Mr. and Mrs. C. L. Reed and son Walker, Mrs. Maggie Dudgeon and Thomas A. Reed motored to Connerville last Saturday evening.

There will be no Sabbath school at the U. P. church next Sabbath afternoon.

The Christian Sunday school is being maintained at the school building.

The Rev. Daniel Ryan preached an excellent sermon at the M. E. church Sunday morning at ten-thirty o'clock.

Mr. and Mrs. Ernest Perry and family of Connerville spent Sunday with Mr. and Mrs. V. E. Lewark.

Mr. and Mrs. J. W. Peck of Osage,

near Connerville, were the guests

of Mr. and Mrs. Ralph Peck and son John Newton, Sunday.

Mr. and Mrs. Charles Sparks have moved to Indianapolis where they will make their future home.

Dr. and Mrs. J. E. Walther and son John will go to Turkey Run for an outing. Mrs. Walther and son will remain for eight days, but Dr. Walther will remain for only a short time.

Many Glenwood people are attending the Rush county chautauqua at Rushville this week. There will be no afternoon and evening services here Sunday so as not to conflict with the chautauqua.

Mrs. J. F. Mapes was entertained

at dinner Sunday by Mr. and Mrs.

Osrow Stevens and family.

FIGHT FOR YOUR LIFE

Duty Demands Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ill and ails. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the palier spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a bale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver.

Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health.

It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains those mighty strength-producing agents, lecithin-and-iron, peptone, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, sallow, pale complexions that "all in" feeling and frail bodies are due to a lack of lecithin-and-iron peptone in the system.

Yeast, animal and physical strength and endurance depends upon a lecithin-and-iron peptone laden blood; steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is a scientific product, meets every elemental demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The power and paint way of effecting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks.

We need to go through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life into your body and mind that inspires the confidence that you confront us with an equal meeting with anyone.

Hypoferrin may be had at your druggist's or direct from us for \$1.00 per package. It is well worth the price. The Sentinel Remedies Co., Cincinnati, Ohio.

There are a lot of lively appetites around our house, but we've found out that this pure food grocery store sells the viands that not only tickle our palates but satisfy our square meal senses.

TO ADVERTISE FOR COAL SEPTEMBER 4

City Council Decides to Wait Month Believing Situation Will Clear by Then

A BRIEF MEETING IS HELD

New Rotary Pump Will be Bought For Emergency Use to Operate Line Leading to River

Convening at 6:30 o'clock last night in order that the members might attend the chautauqua, the city council held a brief session and transacted only the routine business.

Believing that the coal situation will be worked out satisfactorily by September the council will advertise for bids at the first meeting in September, which falls on Sept. 4. The contract expires this month, but as the situation is such now that the city would not likely receive a single bid it was thought best to defer action until September. At the same time bids will be received for the year's supply of oils, transformers and meters.

With prospects of a special session of the legislature to regulate the coal business and with the federal government threatening to pass legislation, the council believes the situation will clear in time and that next year's coal supply can be bought at a reasonable price.

Ollie Offutt of Arlington was allowed a balance of \$2 on an old bill for hay. Because the hay was not up to the standard the council withheld \$2 of the money. Offutt refused to accept the warrant and after two months the council decided to pay the bill. The vote was not unanimous as Councilman Seudder voted against it, believing that Offutt should be made to abide by his part of the contract.

The salaries of the school board members for the past year were allowed and in addition the money expended by the board for their bond was paid them. The council at first refused to pay for the bonds and did not do so until an order was obtained from the state board of accounts that this could be legally done. The premium for the three bonds was \$40.

Sept. Mahin reported that the water plant was in need of a new rotary pump to operate the line leading to the river. The city has one good pump working but the second pump has gone to the bad and for emergency use a new pump will be bought to replace this one. The work will be done before winter. It was estimated that the pump would cost \$125.

An appropriation ordinance for \$97.72 was passed under suspension of the rules. The money was for attorney fees and an old bill of the Standard Oil company that had gotten misplaced and never allowed.

CHAUTAUQUA HAS AN UNUSUAL DAY TODAY

Continued from Page 1.

He said that no one need bring much, but that if everyone would add a little it would be of great help to the guardsmen because they are allowed only 40 cents a day per man for mess. Donations of fresh vegetables should be left at the sheriff's office in the court house.

It is assured that anyone who misses any of the programs by the Boston Symphony Sextette will overlook what is probably the best musical attraction at the chautauqua this year. These six people are picked musicians from the Boston Symphony orchestra, the most renowned in the world. The Sextette will give the postlude tonight about nine o'clock, a concert at three tomorrow afternoon and a postlude tomorrow night about nine o'clock.

No man in the United States is better qualified to discuss the war than Dr. Edward A. Steiner, who lectures tonight at 7:30 o'clock. He is a born Austrian, Christianized Jew, America's foremost authority on the immigration problem and a world traveler. He does not deluge an audience with dry facts but turns clever humor to good account in driving home a point that should be remembered. He is easily one of the most popular and at the same time instructive lecturers the program committee has ever had the good fortune to get.

PLAN TO ORGANIZE THE STATE MILITIA

Continued from Page 1.
will be able to pass a fairly rigid physical and mental examination.

1. Local units may be organized in any community where the manifested interest seems to justify such an organization.

2. Various local units will be mustered in as regular units of the state militia as soon as qualified according to adopted regulations.

Regulations are as follows:

1. Strength of 50 enlisted men and 3 officers.

2. Officers and men must pass a fairly rigid mental and physical examination.

3. Enlistment to be for duration of war and for service within the state only.

4. No financial compensation will be given except in case of active duty, said compensation to not exceed that of national guard members.

7. State militia to be subject to call of governor at all times.

8. Age qualification will be 18 to 45 years. Men of conscription age must be exempt from federal service to be eligible for state militia.

6. After being mustered in state militia units must drill at least once each week and must maintain an average attendance of at least 60 percent, otherwise they will be subject to dismissal.

9. Number of units mustered in will probably have to be limited.

10. Units will be assigned to battalions and regiments as rapidly as possible.

WHY PUT OFF PAINTING

To The Men Wishing To Join Some Branch of Service.

I am still able to accept men for Cavalry Troop E.

To the men of conscription age, I especially urge to be examined quickly as the time is short for them. To all men I tender a chance to join the service in one of its most spectacular branches. I am able to recruit anywhere in the state, so your chance to join is getting smaller every day. If interested call me at phone 1115, Rushville, or go to any recruiting officer for I. N. G. and tell him you wish to join Troop E.

MAJOR JOHN CARR,
Commanding Officer

SOCIETY

Edited by Miss Katherine Hill.

Mr. and Mrs. Charles Honey of Richland were the dinner guests of Mr. and Mrs. Norman Crum, last evening at their home in North Jackson street.

* * *

The Ladies Aid society of the Catholic church will meet with Mrs. Robert Williamson, tomorrow afternoon at her home in West First street. Mrs. Nellie Abercrombie will be the assistant hostess.

* * *

Friends here have received an announcement of the wedding of Miss Inez Lockhart, daughter of Mr. and Mrs. William Lockhart and Walter Hurst, son of Mr. and Mrs. Horace Hurst, both of Connersville, which took place at the home of the bride in Eastern Avenue, yesterday afternoon at 2:00 o'clock.

Mrs. Hurst is a member of the Connersville chapter of the Tri Kappa. Mr. and Mrs. Hurst are both well known in this city, having visited here on several occasions. Mr. and Mrs. Hurst will be at home to their friends after September the first, at the home of the bridegroom's parents, north of Connersville. Mr. and Mrs. Hurst will make an extended trip through the east before returning home.

* * *

The golden wedding anniversary of Mr. and Mrs. Bernard Madden was celebrated yesterday when they entertained about one hundred relatives and friends at their home in North Main street. The living room was decorated with masses of asters and gladioluses, wall baskets were filled with hosts of these summer flowers and a bower of flowers and greenery adorned the mantle and fireplace. In the dining room a

dainty color scheme of gold and white was carried out. A large crystal bowl of golden glow embellished the center of the table and the same color scheme predominated in the delectable refreshments which were served.

About fifty of the guests were entertained in the afternoon and later in the evening the remainder of the guests enjoyed the delightful hours with Mr. and Mrs. Madden. Mr. and Mrs. Madden received many presents, and the out-of-town guests, who were unable to be present sent remembrances and gifts.

* * *

The two tables of the Monday 500 club met with Mrs. Chauncey Duncan Monday afternoon at her home in North Perkins street. The engrossing rounds of cards was ample amusement for the guests during the afternoon. Mrs. Charles Frazee will be hostess to the club in two weeks.

* * *

Miss Nancy Blair Barr of Austin, Minn., will be the dinner guest of Mr. and Mrs. Stephen Kelly this evening at their home in North Jackson street. Miss Barr has been lecturing at the chautauqua and teachers institute.

BOSTON SYMPHONY SEXTETTE WHICH COMES FOR 3 PROGRAMS**OFFICER ARRIVES HERE TO MUSTER IN COMPANY**

Continued from Page 1.

and it would not be surprising to see the company leave Rushville within the next week. The orders to Capt. Kiplinger were to get the company's equipment ready to be sent to Hattiesburg. As the company has very little equipment this could be done in a very short time. As one man expressed it today: "The equipment could be sent by parcel post."

In addition to the visiting day today, the public will also be welcomed to the camp Friday afternoon to hear Senator James E. Watson. Senator Watson will speak promptly at 4:30 o'clock. No machines are permitted in the grounds but there is plenty of space along the road for parking purposes.

The mustering in process started today under the direction of Lt. Collings consists of the preparation of individual records of officers and enlisted men required by the war department. All data contained in the reports of physical examinations on file with the records of the company will be carefully verified by the medical examiners. The medical examiners are expected tomorrow. All doubtful cases will be investigated. After the examination and mustering identification cards will be made out for each officer and enlisted man. In addition an inventory of all company property will be made. In the case of the local company this will not take long.

The company again hiked into the city this morning. The men enjoy the marches and always attract a great deal of attention. The men were put through the squad movements and other exercises today as usual.

The people are responding generously with donations of vegetables and they are welcomed by the men. It was announced that any vegetables donated to the company could be left at the sheriff's office and the mess sergeant would call for them.

Corsets Underpriced

Do you feel that you need a firmer, stouter, better corset than you have been wearing and yet do not care to pay the price? Now is your opportunity. This week we will offer you splendid corsets at much reduced prices. Better come early.

A GOSSARD CHANCE—About three dozen Gossards have been taken from our regular line and remarked. They are just as good as we can buy today both in texture and style. It's just a case of your saving the difference. Sizes 20 to 34.

\$3.50 Gossard Corsets now	\$2.50
\$4.25 Gossard Corsets now	\$3.50
\$6.50 Gossard Corsets now	\$5.00

A full range of sizes from 20 to 33 in W. B. Corsets, both front and back laced. They are exceptionally good values. They are regular \$2.00 and \$2.50 models now.

About twenty corsets in sizes 27, 28 and 29 only, easily worth 75c, now.

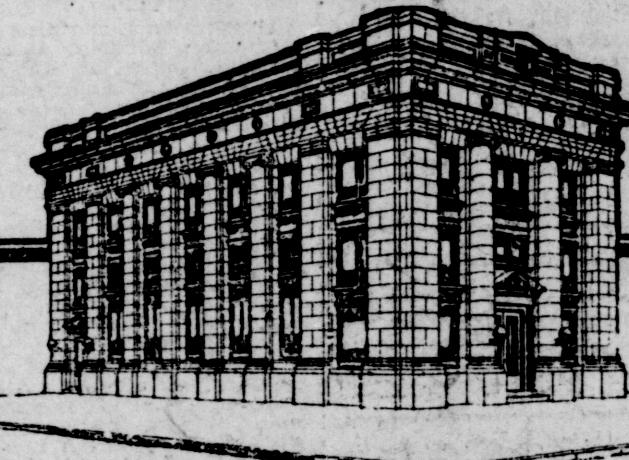

All discontinued models of all lines at half price and less.

Our corsetiere is now in Chicago, taking a post-graduate course in the Gossard and Kabo schools. Telephone us, and we shall be pleased to book you for fittings any time after next Monday.

A wonderfully big line of Gossard, Kabo and W. B. Corsets to choose from.

TEN OF 45 FOUND PHYSICALLY FIT ARE READY TO GO TO ARMY

Board Examines 19 More This Morning And Passes 13 of Them, Making 58 Passed at Noon

FIRST 132 FINISHED TODAY

Between Now and Monday, When Second Examinations Begin, Board Will Act on Claims

NAMES OF 13 ACCEPTED TODAY

Decisions on Some of the Exemptions Asked Monday May be Passed on Tomorrow

The local selection board finished examining the first 132 men called late this afternoon and will enjoy a rest from the actual work of making the physical examinations until next Monday morning at nine o'clock when the work of examining the first lot of forty men named on the second call will start.

In the meantime the selection board will start acting on some affidavits for exemption filed Monday. Under the law the board is compelled to pass on these claims within three days and some of the decisions are expected to be made tomorrow.

Thirteen men of the first nineteen examined today were accepted by the board. That is they were found physically fit. Many of these filed claims for exemptions but the number was not so large as on the two previous days. The record for physical fitness was even better than on the other two days. Six out of nineteen was not considered a bad record by the board.

The first thirteen accepted today by the board as being physical fit were as follows: Amos R. Baxter, Rushville; Eli Kinney, Rushville; George Billings, Union township; Leonidas Keisling, New Salem; Sylvester G. Headlee, Rushville; Clemmie Perkins, Rushville; Charles E. McElfresh, Glenwood; Leroy Coon, Glenwood; Guy Marsh, Rushville; David L. Hamm, Knightstown; William Woods, Rushville and Rue Ewing, Carthage.

The six who were given discharges because of physical disabilities follow: George Wiltse, Rushville; Henry Dickey, Rushville; Walter Borders, Milroy; Gurnie Smith, Arlington; James L. Morrison, Rushville; Fred B. White, Charlottesville.

With the close of yesterday's session the board had secured a total of ten men who had passed the examination and filed no claims for exemption. Up to today noon fifty-eight men had been found to be physically fit—24 the first day, 21 the second day and 13 to today noon.

A. L. Gary was appointed by Governor Goodrich to represent the state's interests before the board. That is to take appeals to the district board in cases he believed the local board has not passed on correctly. Heretofore the only method of appeal provided was for the registrant. Now both the state and the registrant can take an appeal. It will be one of his duties to acquaint himself with the affidavits on file and in any case where the board might issue an exemption he has the right to take an appeal in behalf of the state.

As has been the case the two previous days members of Company B and the Sanitary Corps have been included in the list for examination. These men are not examined and for this reason the full list of forty-four names is never really examined in the course of the day. Yesterday's examinations totalled thirty-seven.

Several peculiar things have been brought to the attention of the ex-

21 Accepted Second Day of Examinations

The result of the second day's examination by the local selection board showed twenty-one men accepted, twelve discharged, one examination postponed and two held for further examination. Of the twenty-one men accepted ten filed no claims for exemption with the local board. Only thirty-six men were examined of the original forty-four called. This was because several of the men called were members of Company B, another was sick and unable to appear and one man will be examined away from here and the result certified to the local board. The result of Tuesday's examinations follow:

Men Accepted (No claim filed)

Marshall Innis, Milroy.

James W. Lindale, Glenwood.

Dan Honley, Rushville.

Nathan Wills, Rushville.

Chester N. Stevens, Rushville.

Arthur Grigsby, Rushville.

Myron Addison, Mays.

Robert B. Carr, Rushville.

Price Stewart, Rushville.

Everett L. McHenry, New Salem.

Men Accepted (Exemption claim filed)

Elmer H. Dement, New Salem.

Benjamin F. Humes, Rushville.

John Gorman, Carthage.

Paul W. DeWester, Rushville.

Corte Reddick, Mays.

George H. Burkman, Rushville.

John M. Adams, Rushville.

Raymond B. Morford, Milroy.

Faud E. Harcourt, Milroy.

Howard Beabout, Rushville.

Clyde Matney, Glenwood.

Men Discharged

Adolphus H. Honaker, Falmouth.

William J. Reeves, Knightstown.

Walter Esters, Carthage.

William Clyde Richey, Milroy.

William H. Meyer, Rushville.

James E. Johnson, Carthage.

Roy Barnes, Rushville.

Thomas Jackson, Mays.

Carl McCauley, Milroy.

Cecil Rhodes, Carthage.

Paul H. Schultz, Carthage.

Doris Younger, Rushville.

Held for Further Examination

George R. Dawson, Glenwood.

Thomas H. Stout, Arlington.

Examination postponed until Sept 20

Walter H. Catt, Carthage.

SANITARY CORPS IS IN FEDERAL SERVICE

Mustered in This Afternoon by Lieutenant Collins of the Second Indiana Infantry

TO REMAIN HERE, MAJOR SAYS

The sanitary detachment, Fourth Regiment of the Indiana National Guard, stationed here, was mustered into the federal service this afternoon by Lieutenant Herman Collins of the Second Indiana Infantry at three o'clock. Lieutenant Collins is also mustering in Company B.

Major Carey said this afternoon that the sanitary detachment would train here for an indefinite period and would keep their headquarters at the court house. Rumors have been current for two days that the detachment might be called to the state fair grounds at any moment.

"So far as I am concerned," said Major Carey, "I would much prefer that the boys remain right here. I do not want them to be ordered away from Rushville until they are fully equipped with clothing, bedding and everything they need. They are happy here and well cared for."

TAKES EXEMPTION APPEAL WILL SRIVEY NEW DEPUTY

A. L. Gary Appointed by Governor to Act in This County

A. L. Gary, chairman of the County Council of Defense, has been appointed by Governor Goodrich to take appeals for the government in questionable cases in which exemption from service in the army has been granted by the county selection board. Information from individuals regarding alleged unjust or unwise exemptions is to be presented to the appeal representative.

Appointed by Sheriff-Elect Jones Who Takes Office Jan. 1

Will Spivey has been appointed deputy sheriff by Ezekiel M. Jones, who was elected sheriff last November and will take office the first day of next year. Mr. Spivey is well and favorably known and the appointment meets with the approval of republicans generally. The appointment was announced yesterday afternoon late by Sheriff-elect Jones.

PLAN TO ORGANIZE THE STATE MILITIA

Dr. F. M. Sparks, County Head of Movement, Receives Outline to be Followed in Recruiting

IS NOT CALLED HOME GUARD

Strength of Company is 50 Men and Three Officers Who Enlist For Duration of the War

Dr. F. M. Sparks, who was appointed by the County Council of Defense as organizer of state militia in the county, has received a letter from E. M. Wilson, chairman of military affairs committee of the State Council of Defense, confirming his appointment and outlining a plan of organization.

The regulations provide a company shall consist of 50 enlisted men and three officers; that enlistment shall be for duration of the war and for service in the state only; that a company may be mustered into the regular state militia at any time; that there is no limit to the number of units to be formed in a community; that the age limit shall be from 18 to 45.

The units have been called up to this time "Home Guard," but the state organization requests that hereafter they be known as the "State Militia." The substitution was made during the civil war the home guard organizations were for the most part places of refuge for slackers. Owing to this fact the term the home guard carries with it the thought of slackers evading their duty at the front, the state committee believes, and the state militia units, which are now being organized is no place for them.

Mr. Wilson says the first object of the county organizer should be that of locating competent men in various communities to superintend the organizing of local units. The county organizer is urged not to be in haste, but to take time in order to appoint men, if possible, who have had military experience. Although advisable, this is not absolutely necessary because in most communities the state committee points out, will be found men who have had experience in the uniform rank work of the various lodges who will be well qualified.

The real reason for organizing the state militia, the committee says, is the fact that the drafting of the present national guard into federal service will leave the state without troops subject to the order of the governor.

"Of course," says the chairman of the committee, "at the present time there does not seem the remotest possibility of an invasion of our state by our enemies, nevertheless there is a real need for a body of troops subject to call of the governor for duty in the state. The duties of such a body of troops will be similar to the work now being done by the national guard, such as guarding bridges and ammunition plants, the quelling of strikes or mutinies of various kinds, and the performing of other duties for which they may be needed as the war progresses."

The fact is emphasized that there will be no limit to the number of units which may be organized in the county. Of course, there must be a limit to the number of units which is eventually mustered into the regular military service as it may be some units organized may never become a part of the regular state militia. However, the state committee says, all will be given an opportunity to make good and as many as possible will be accepted. No examination will be given the men until the time comes to be mustered into the regular state militia. However, the committee suggests that the organizer be careful to enroll only such men as they feel reasonably certain

Miss Buelah Thomas of near Greenfield visited here last evening and the coroner there accompanied her home for a visit.

CHAUTAUQUA HAS AN UNUSUAL DAY

Lectures by Bishop Hughes and Dr. E. A. Steiner Offer Two of Best Assembly Programs

PRELUDES TO BE POSTLUDES

Clifton Mallory Players and Miss Leona Thomas Please Large Crowds—Good Things Coming

Tonight

7:30 p. m. Lecture on the war—Dr. Edward A. Steinier.

9:00 p. m. Postlude—The Boston Symphony Sextette.

Thursday, August 9th.

2:00 p. m. Lecture—Mrs. Grace Wilbur Trout, president Illinois Equal Suffrage association.

3:00 p. m. Concert—The Boston Symphony Sextette.

4 p. m. Lecture—Dr. Francis H. Green.

7:30 p. m. Moving pictures of Sir Douglas Mawson's \$300,000 expedition to the Antarctic region.

9 p. m. Postlude—The Boston Symphony Sextette.

Friday, August 10th

2 p. m. Lecture—Dr. Arthur W. Evans, nephew of David Lloyd-George, British Premier.

3 p. m. Concert—The Hruby Bohemian Orchestra.

4 p. m. Lecture—Dr. Beavers.

7:30 p. m. Concert—The Hruby Bohemian Orchestra.

The Rush county chautauqua this morning entered upon what promised to be one of its most successful days in point of attendance as well as pleased audiences. Bishop Edwin Holt Hughes, one of the biggest men on the chautauqua platform, lectured this afternoon and the Corolla Concert company gave a postlude. The Boston Symphony Sextette comes tonight for two postludes and a concert and Dr. Edward A. Steiner, gifted and popular lecturer, speaks tonight on the war.

Yesterday was a great day at the chautauqua. The Clifton Mallory Players was an attraction entirely different from anything ever at the local assembly and they pleased large crowds in the afternoon and evening. The play presented in the afternoon was from the pen of Mr. Mallory and last night they offered the old English comedy, "David Garrick."

Miss Leona Thomas, a Rush county girl, was given hearty acclaim at both programs yesterday. She was assisted at the piano by Miss Jean McClanahan, who played the accompaniments and solos as well. Many commented favorably on Miss Thomas' execution of difficult numbers on the violin and expressed keen delight at the rapid strides she had made as a violinist.

Senator James E. Watson has consented to speak at the chautauqua on Sunday afternoon. He is spending the week here resting and accepted an invitation to deliver a lecture. Senator Watson introduced Bishop Hughes this afternoon.

The program committee has also received word that President Millis of Hanover college and Prof. E. B. Trueblood of Earlham college would be here some time during the week in the interest of the Boys Enrollment campaign and would probably speak Thursday or Friday.

Dr. C. C. Ellis, platform manager, announced last night that beginning this afternoon the preludes would be changed to postludes for the remainder of the chautauqua. This means that the musical programs will follow the lectures.

Dr. Ellis last night urged that country people coming in to the chautauqua bring a contribution from their gardens for Company B.

Continued on Page 8.

GRAIN MARKET HOLDS STEADY IN CHICAGO

September Wheat Off Three-Quarters of Cent and Corn up. Fraction of Cent

NO LIVE STOCK QUOTATIONS

The grain market held steady in Chicago today, with variations of only fractions of a cent. Likewise, grain prices in Rushville were unchanged.

No live stock and grain quotations from Indianapolis could be given today on account of trouble with the wires between here and Indianapolis this afternoon.

September wheat was off three-quarters of a cent and September corn advanced five-eighths. December corn went up a half cent. September oats was up three-eighths; December, one-half; May five-eighths.

GIVES WARNING ON INSECT PROBLEM

State Entomologist Says Grasshoppers Eat Large Quantities of Vegetables and Grain.

GARDENS WILL BE ATTACKED

(By United Press.)

Indianapolis, Ind., Aug. 8—Grasshoppers will be the next serious insect problem for the farmers and gardeners of Indiana to meet according to Frank Wallace, state entomologist, in a warning issued today. The warning said:

"Most of the grasshoppers are still quite small, but they grow and as fast as they grow eat larger quantities of vegetables and when the food in the pastures and fields becomes scarce they will attack the garden produce and the growers must be prepared to destroy them before they devour the crops."

"Poison bran mash is the best control method and for the city gardener, the following proportions will usually be sufficient: Take two pounds of bran and two ounces of Paris green and thoroughly mix while dry. Then take one pint of molasses and one quart of water and mix. Grind up one lemon, rind and all, and add to the syrup. Then mix thoroughly with the bran and Paris green. They should leave the plants to eat this preparation."

"Chickens will be poisoned by eating the bran mash or the poisoned grasshoppers, therefore, they should be kept out of the gardens. They do not belong there, anyway."

LEARN SON IS SAFE

Charles W. Ferree, son of Mr. and Mrs. L. L. Ferree of North Main street, has written his parents that he barely escaped the mine explosion at Clay, Kentucky last Saturday. He was in mine No. 7 where the explosion occurred Friday evening, he writes, but left for Sturgis, Ky., before the accident. His parents were worried about him as they knew he had been at Clay.

Portland—The two trials of William Fishback, recently found not guilty of the murder of Roy Brown, Redkey grocer, will cost Jay county approximately \$1,400, exclusive of special attorney's fees, officials estimated today.

Although both trials were held at Hartford City, Jay county must stand the costs, as the case was venued there from Portland.

METHODS TO BE USED IN DRYING DIFFERENT PRODUCTS

By GEORGE MARTIN
(U. P. Staff Correspondent.)

Washington, August 7.—In this article we outline some of Uncle Sam's ideas on drying methods for various products.

In drying sweet corn, select very young, tender corn and prepare it right after gathering. Cook in boiling water two to five minutes, cut kernels from cob with sharp knife, not cutting bits of the cob. Spread thinly on trays and place to dry. Stir it occasionally till dry. Dry in oven 10 to 15 minutes and finish drying in the sun. A pound of dried corn to a dozen ears is a good yield.

Choose young, succulent rhubarb. Don't use the leafblade. Prepare as for stewing, by skinning and cutting to $\frac{1}{2}$ to $\frac{1}{2}$ inch lengths.

Select sound, well matured Irish potatoes. Wash and boil or steam until nearly done. Peel and pass through meat grinder. Collect the shreds in layers on trays and dry until brittle. If toasted slightly in oven when dry the flavor is improved. Or you may boil, slice and dry. Handle sweet potatoes the same way. Or boil and slice.

Select string or snap beans in ideal table condition. Wash, remove stem, tip and strings. Cut or break into pieces $\frac{1}{2}$ to 1 inch long. Or run them through the slicer. Very young, tender beans will dry whole. Cut your beans rather than snap them. Thread them into necklaces on coarse, strong thread and hang over stove or in the sun. Dry young beans two hours, older ones three hours. Wax beans are dried in the same manner. Condition them as you do corn.

For lima beans, take them from pods, remove surface moisture and dry from 3 to $\frac{1}{2}$ hours. This same method answers for other beans. It also includes cow peas or other field peas.

Dry young, tender okra pods whole. Older pods should be cut into $\frac{1}{2}$ inch slices. These may be strung as with string beans and hung over the stove. If so dried, heat in oven before hanging up.

Peppers may be dried by splitting on one side, removing seed, drying in the air and finishing the drying in the drier at 140 F. A more satisfactory plan is to place peppers in biscuit pan in oven and heat until skin blisters, or steam until skin softens, then take out seed and dry at 110 to 140 F.

For beets and turnips, select young, tender, quickly grown ones. Wash, peel, slice about $\frac{1}{8}$ inch thick and dry. Slice carrots, lengthwise, avoiding those with large, woody cores. Parsnips, kohlrabi, celeriac and salsify are handled the same way.

Select mature onions, remove papery covering, cut off tops and roots, slice into $\frac{1}{8}$ inch pieces and dry quickly. Store in a light-proof container to avoid discoloration. Leeks are so handled also.

Select well developed cabbage, remove loose leaves, split cabbage, remove woody core, slice with kraut slicer and dry. All these products

SPY PLOT AT BUENOS AIRES

Letter Intended For Head of German Secret Service Miscarries

By CHARLES P. STEWART
(U. P. Staff Correspondent.)

Buenos Aires, Aug. 8.—An extensive German spy plot, as a result of which ship sinkings and other information has been revealed, was disclosed by the foreign office here today. The miscarriage of a letter intended for the head of the German secret service led to the discovery of the plot. Numerous suspects are under surveillance of the police today.

About ten days ago while A. L. Converse of Springfield, Ill., was touring from Chicago to Cincinnati he lost an extra tire, rim and rear light. He returned to Springfield without the slightest idea where he had lost his property. In a few days he received the entire list. Alden Johnson of Rural route No. 1, Rushville found them and after ascertaining whose property it was forwarded it to Mr. Converse, an attorney of Springfield. Today Chief of Police Yakey received a letter from Mr. Converse expressing his appreciation to Mr. Johnson.

A. T. Mahin says that it is useless for Rushville residents to call the water and light plant and tell them about street lights being off. He says the plant employees know about all lights which are out, but that they can't be repaired for the present because the plant has no bulbs and it is not certain when they will get any.

Indianapolis—A campaign for a greatly increased membership in the Boy's Working Reserve got underway in every section of the state today. The drive for new members will continue throughout the week. Boys between the ages of 16 and 21 years are being enrolled.

This week was set aside by proclamation of Gov. Goodrich as "enrollment week" for the boy's organization.

MAY TRY TO TRAMPLE LITTLE SWITZERLAND

Germany May Try to Mountaine Republic if She Will Not Supply Gold For Coal

SWITZERLAND RESISTS LOAN

(By United Press.)

Washington, Aug. 8.—Germany may try to trample Switzerland under foot and send her armies around the southern end of the west front unless the mountain republic yields to Teutonic demands for a loan.

That is the dismal prospect international authorities saw today in German pressure for gold in return for coal supplied Switzerland. Should such a situation come it would mean great readjustment of the battle line and while perhaps not fatal it would be discouraging, they say.

The fact that Switzerland is resisting the loan came as a surprise here, since Switzerland, composed of German, French and Italian stock chiefly, has been regarded as pro-German. The suggestion is made here that the United States might do well to swing her forces into the southern end of the western front, flanking Switzerland, for such a move would tend to keep Switzerland in line.

BOY FALLS 16 FEET FROM SECOND STORY

John F. McKee, Jr., Miraculously Escapes Death at His Home in Noble Township.

ONLY SLIGHT INJURY TO BACK

John F. McKee, Jr., three-year-old son of Mr. and Mrs. J. F. McKee of Noble township, fell out of a two-story window at his home yesterday afternoon, miraculously escaping with only slight injury to his back. Since he fell fourteen feet, how he escaped death or serious injury no one can explain. Dr. Philips of Orange was called and after a hasty examination found that the child had not even been bruised.

Unless some internal trouble develops, he is expected to recover speedily. Mr. and Mrs. McKee and family were just ready to start on a motor trip to Mrs. McKee's parents in Zionsville, but the trip had to be postponed until it was found how badly the little boy was hurt.

Owing to the fact that the Government has taken all surplus stocks of Aluminum for manufacturing of aeroplanes has caused a steady rise in price in Aluminum cooking utensils. Our prices on these are less than factory prices.

Come In and Look Over The McCormick Corn Binder

YOUR corn is a valuable crop nowadays. You need all of it, can't afford to waste any, and must use the most economical way to harvest it.

Of course hand cutting is very slow hard work, at a time when help is hardest to get. If the corn is down and tangled, with many short stalks, it is still much slower and more wasteful.

The McCormick corn binder is a wonder for the corn grower. It saves the hardest kind of labor and much time, gathers all your corn—short, long, down, tangled—into neat, easily-handled bundles. It is easy on the horses, convenient for the driver.

The more careful a buyer you are, the surer you are of buying a McCormick. Come in and see it.

Corn Canning Precautions

Miss Roberta McNeill of the Purdue extension department says that corn is one of the vegetables which should be handled carefully if a satisfactory product is to be obtained. Canning corn will be a new experience for Rush county housewives, but there is little doubt but that many of them will try it this year because of the emphasis which has been placed on the necessity of canning all vegetables possible.

Miss McNeill says that corn must be in prime condition to start with between the milk and the dough stage is best. If under-ripe it is tasteless, has a poor appearance and a tendency to sour. If overripe it is dry and discolors when processing. The corn should be canned within half hour after gathering if possible.

If pulled with husks and considerable of the shank on it will stay fresh somewhat longer. Corn that has been gathered for some time is more likely to spoil.

More salt than is necessary for flavoring is likely to produce a sour taste. A small amount of sugar—about one teaspoon to the quart, improves the flavor.

Very hard water tends to make the corn yellow. It is also made yellow and the flavor impaired by over-cooking.

To avoid this, after blanching for five minutes and cold dipping, have cans hot,

pack corn in cans as quickly as possible, cover with hot water and place in water bath at once, tighten cans and cool quickly avoiding a direct draft to prevent cans from breaking.

Corn swells when processing, therefore, at least half an inch of space should be left at the top of the can.

The liquid in the can will be clearer and the corn will be a better texture and more easily sterilized if it is shaken into the cans rather than squeezed in. A solid mass of corn prevents circulation in the can and makes it more difficult for the heat to penetrate.

Good corn should be a good color, not yellow or brown, have the kernels distinct and the liquid clear. If corn spoils, it should not be reheated and used as the spoiling may be due to the growth of bacteria.

For Fair Play

Representative George W. Fairchild of New York, a powerful member of the Ways and Means Committee, brings to his work a fund of sound business sense which he has acquired through years of experience in practical manufacturing. He deplores the fact that the revenue bill has had such hasty consideration in the committee, and is particularly impressed with the unfairness of the so-called excess profits tax.

The suggestion that the provision is modeled after the English tax law

Fire and Tornado Insurance

Abstracts of Title

Fidelity and Surety Bonds

Notary Public

305 Main St. Phone 1336

Geo. W. Osborne

is not correct, according to Mr. Fairchild, who shows that in England the present profits of a company in excess of what they were before the war are considered in levying the tax, and not an arbitrary profit rate of 8 per cent in every case as is provided in the pending bill. Mr. Fairchild, in a plea for recognition of business efficiency, shows by figures that the proposed tax is simply a premium on watered stock and inefficiency, and an unwarranted burden on good business management.

Kill The Slackers

There is much wisdom in the suggestion that slaughter of milk cows and of hens should be restricted, and it is difficult to control such matters by law. There is no great loss in the slaughter of a cow that consumes \$12 worth of feed in the production of \$10 worth of milk. Even if used for breeding purposes, such a cow might not produce a calf that would be any better as a dairy animal. Neither is there any loss in the slaughter of a hen that consumes \$6 worth of feed in the production of \$5 worth of eggs. As a general principle, female animals should not be slaughtered as long as they are valuable for breeding purposes, but a general law prescribing that rule would work injury and hardship in a great many instances. The best policy is one of education with the purpose of inducing the owner to weigh relative values carefully before consigning any animal to slaughter.

A pseudo-diplomat, whose tenure of office in Washington is not affected by change of administration, recently gave a luncheon at one of the leading hotels in which no expense was spared. The table was covered with an American flag done in red, white and blue carnations on a background of moss—a nice thing on which to spill soup. Neither respect for the flag or a good example in economy, which officialdom is now preaching, was displayed in this proceeding.

Perhaps just a little of the "New Freedom" elixir, W. W. brand, would be a good thing for Russia.

County News

Glenwood

Murphy and son have taken in about eight car loads of wheat and only the wheat from one farm, that of J. Frank Scholl's graded No. 2. Some of it runs as low as No. 7.

It is understood here that Miss Jessie Jeffery will teach in the Connersville schools during the next school year.

Mr. and Mrs. C. L. Reed and son Walker, Mrs. Maggie Dudgeon and Thomas A. Reed motored to Connerville last Saturday evening.

There will be no Sabbath school at the U. P. church next Sabbath afternoon.

The Christian Sunday school is being maintained at the school building.

The Rev. Daniel Ryan preached an excellent sermon at the M. E. church Sunday morning at ten-thirty o'clock.

Mr. and Mrs. Ernest Perry and family of Connerville spent Sunday with Mr. and Mrs. V. E. Lewark.

Mr. and Mrs. J. W. Peck of Osage, near Connerville, were the guests of Mr. and Mrs. Ralph Peck and son John Newton, Sunday.

Mr. and Mrs. Charles Sparks have moved to Indianapolis where they will make their future home.

Dr. and Mrs. J. E. Walther and son John will go to Turkey Run for an outing. Mrs. Walther and son will remain for eight days, but Dr. Walther will remain for only a short time.

Many Glenwood people are attending the Rush county chautauqua at Rushville this week. There will be no afternoon and evening services here Sunday so as not to conflict with the chautauqua.

Mrs. J. F. Mapes was entertained at dinner Sunday by Mr. and Mrs. Osrow Stevens and family.

WAR TAX BILL READY

(By United Press.)

Washington, Aug. 7.—Senator Simmons, chairman of the finance

committee, presented to the senate the committee's report on the war revenue bill. The measure as drawn

will raise a total of \$2,000,697,000.

This is an increase of \$139,970,000 over the bill passed by the house.

FIGHT FOR YOUR LIFE

TO ADVERTISE FOR COAL SEPTEMBER 4

Duty Demands
Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ill health. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay fit course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a pray to fits after all.

You will not find this class of persons in the hypoferin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferin or to stay the process of decay and restore health and strength—you win. This tonic of amazing wonder-working properties has been approved by physicians as restorer and safeguard of health.

Fight to hold the vigor of a sound body with hypoferin or to stay the process of decay and restore health and strength—you win. This tonic of amazing wonder-working properties has been approved by physicians as restorer and safeguard of health.

Hypoferin contains those mighty strength-producing agents, lecithin-and-iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood, which comes out of ten a run-down condition, yellow pale complexions that "all in" feeling and frail bodies are due to lack of lecithin-and-iron peptonate in the system.

Your mental and physical strength and endurance depends upon lecithin-and-iron peptonate laden blood; steady, dependable nerves and a healthy stomach.

These you can meet life at any angle.

This wonder tonic, hypoferin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferin means nature's own strength of young color in the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The powder and paint way of effecting beauty is not needed by hypoferin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the health of the cheeks.

No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferin ranks. It puts into you the springy snap and vigor you ought to have and puts life into your body and mind that inspires the confidence that you confront the world an even foe with anyone.

Hypoferin may be had by your druggist or direct from us for \$1.00 per bottle.

It is well worth the price. The Sentinel Remedies Co., Cincinnati, Ohio.

City Council Decides to Wait Month Believing Situation Will Clear by Then

A BRIEF MEETING IS HELD

New Rotary Pump Will be Bought For Emergency Use to Operate Line Leading to River

Convening at 6:30 o'clock last night in order that the members might attend the chautauqua, the city council held a brief session and transacted only the routine business.

Believing that the coal situation will be worked out satisfactorily by September the council will advertise for bids at the first meeting in September, which falls on Sept. 4. The contract expires this month, but as the situation is such now that the city would not likely receive a single bid it was thought best to defer action until September. At the same time bids will be received for the year's supply of oils, transformers and meters.

With prospects of a special session of the legislature to regulate the coal business and with the federal government threatening to pass legislation, the council believes the situation will clear in time and that next year's coal supply can be bought at a reasonable price.

Ollie Offutt of Arlington was allowed a balance of \$2 on an old bill for hay. Because the hay was not up to the standard the council withheld \$2 of the money. Offutt refused to accept the warrant and after two months the council decided to pay the bill. The vote was not unanimous as Councilman Sender voted against it, believing that Offutt should be made to abide by his part of the contract.

The salaries of the school board members for the past year were allowed and in addition the money expended by the board for their bonds paid them. The council at first refused to pay for the bonds and did not do so until an order was obtained from the state board of accounts that this could be legally done. The premium for the three bonds was \$40.

Supt. Mahin reported that the water plant was in need of a new rotary pump to operate the line leading to the river. The city has one good pump working but the second pump has gone to the bad and for emergency use a new pump will be brought to replace this one. The work will be done before winter. It was estimated that the pump would cost \$125.

An appropriation ordinance for \$97.72 was passed under suspension of the rules. The money was for attorney fees and an old bill of the Standard Oil company that had gotten misplaced and never allowed.

CHAUTAUQUA HAS AN UNUSUAL DAY TODAY

He said that no one need bring much, but that if everyone would add a little it would be of great help to the guardsmen because they are allowed only 40 cents a day per man for mess. Donations of fresh vegetables should be left at the sheriff's office in the court house.

It is assured that anyone who misses any of the programs by the Boston Symphony Sextette will overlook what is probably the best musical attraction at the chautauqua this year. These six people are picked musicians from the Boston Symphony orchestra, the most renowned in the world. The Sextette will give the postlude tonight about nine o'clock, a concert at three tomorrow afternoon and a postlude tomorrow night about nine o'clock.

No man in the United States is better qualified to discuss the war than Dr. Edward A. Steiner, who lectures tonight at 7:30 o'clock. He is a born Austrian, Christianized Jew, America's foremost authority on the immigration problem and a world traveler. He does not deluge an audience with dry facts but turns clever humor to good account in driving home a point that should be remembered. He is easily one of the most popular and at the same time instructive lecturers the program committee has ever had the good fortune to get.

Mrs. Grace Wilbur Trout, who is president of the Illinois Equal Suffrage Association, will speak on the subject of "Women in Politics" at the

Rush County National Bank

SOCIETY

Edited by Miss Katherine Hitt.

Mr. and Mrs. Charles Honey of Richland were the dinner guests of Mr. and Mrs. Norman Crum, last evening at their home in North Jackson street.

* * *

The Ladies Aid society of the Catholic church will meet with Mrs. Robert Williamson, tomorrow afternoon at her home in West First street. Mrs. Nellie Abercrombie will be the assistant hostess.

* * *

Friends here have received anouncement of the wedding of Miss Inez Lockhart, daughter of Mr. and Mrs. William Lockhart and Walter Hurst, son of Mr. and Mrs. Horace Hurst, both of Connersville, which took place at the home of the bride in Eastern Avenue, yesterday afternoon at 2:00 o'clock. Mrs. Hurst is a member of the Connersville chapter of the Tri Kappa. Mr. and Mrs. Hurst are both well known in this city, having visited here on several occasions. Mr. and Mrs. Hurst

will be at home to their friends after September the first, at the home of the bridegroom's parents, north of Connersville. Mr. and Mrs. Hurst

will make an extended trip through the east before returning home.

* * *

The two tables of the Monday 500 club met with Mrs. Chauncey Duncan Monday afternoon at her home in North Perkins street. The engrossing rounds of cards was ample amusement for the guests during the afternoon. Mrs. Charles Fraze will be hostess to the club in two weeks.

* * *

Miss Nancy Blair Barr of Austin, Minn., will be the dinner guest of Mr. and Mrs. Stephen Kelly this evening at their home in North Jackson street. Miss Barr has been lecturing at the chautauqua and teachers institute.

The golden wedding anniversary of Mr. and Mrs. Bernard Madden was celebrated yesterday when they entertained about one hundred relatives and friends at their home in North Main street. The living room was decorated with masses of asters and gladioluses, wall baskets were filled with hosts of these summer flowers and a bower of flowers and greenery adorned the manile and fireplace. In the dining room a

BOSTON SYMPHONY SEXTETTE WHICH COMES FOR 3 PROGRAMS

OFFICER ARRIVES HERE TO MUSTER IN COMPANY

Continued from Page 1.

and it would not be surprising to see the company leave Rushville within the next week. The orders to Capt. Kiplinger were to get the company's equipment ready to be sent to Hatfieldburg. As the company has very little equipment this could be done in a very short time. As one man expressed it today: "The equipment could be sent by parcel post."

In addition to the visiting day today, the public will also be welcomed to the camp Friday afternoon to hear Senator James E. Watson. Senator Watson will speak promptly at 4:30 o'clock. No machines are permitted in the grounds but there is plenty of space along the road for parking purposes.

The mustering in process started today under the direction of Lt. Collings consists of the preparation of individual records of officers and enlisted men required by the war department. All data contained in the reports of physical examinations on file with the records of the company will be carefully verified by the medical examiners. The medical examiners are expected tomorrow. All doubtful cases will be investigated. After the examination and mustering identification cards will be made out for each officer and enlisted man. In addition an inventory of all company property will be made. In the case of the local company this will not take long.

The company again hiked into the city this morning. The men enjoy the marches and always attract a great deal of attention. The men were put through the squad movements and other exercises today as usual.

The people are responding generously with donations of vegetables and they are welcomed by the men. It was announced that any vegetables donated to the company could be left at the sheriff's office and the mess sergeant would call for them.

Corsets Underpriced

Do you feel that you need a firmer, stouter, better corset than you have been wearing and yet do not care to pay the price? Now is your opportunity. This week we will offer you splendid corsets at much reduced prices. Better come early.

A GOSSARD CHANCE—About three dozen Gossards have been taken from our regular line and remarked. They are just as good as we can buy today both in texture and style. It's just a case of your saving the difference. Sizes 20 to 34.

\$3.50 Gossard Corsets now	\$2.50
\$4.25 Gossard Corsets now	\$3.50
\$6.50 Gossard Corsets now	\$5.00

¶ A full range of sizes from 20 to 33 in W. B. Corsets, both front and back laced. They are exceptionally good values. They are regular \$2.00 and \$2.50 models now.

¶ About twenty corsets in sizes 27, 28 and 29 only, easily worth 75¢, now.

¶ All discontinued models of all lines at half price and less.

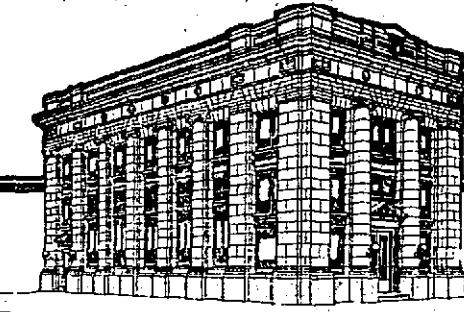

¶ Our corsetiere is now in Chicago, taking a post-graduate course in the Gossard and Kabo schools. Telephone us, and we shall be pleased to book you for fittings any time after next Monday.

A wonderfully big line of Gossard, Kabo and W. B. Corsets to choose from.
